

Purchasing

SSI SCHAEFER works successfully with suppliers who hold leading positions in their respective market sectors. The purchasing activities extend to national and international procurement markets.

An important component of the success of SSI SCHAEFER is the high quality of our products that we also ensure thanks to the intensive, long-term partnership collaborations with our suppliers.

Increasing levels of interconnection and globalisation also open up new opportunities in purchasing management. Take this opportunity to introduce your company as a possible future supplier.
